Mariner's Choice Delivers to a New Private Label Partner

April 23, 2009

Jacksonville, FL – Mariner's Choice International Inc., (OTC: [MCI](#) - [News](#)) today announced that it has delivered initial inventory to a new private label partner.

This opportunity taps into the partnering company's existing distribution network and customer base in the eastern US. The many facets of their business include indoor air quality, allergy relief, sanitation, and containment (crawlspace encapsulation and advanced insulation). The primary focus of this company is to integrate and distribute products and services that are eco-safe and have a long-lasting positive impression on the environment. The retail product line that Mariner's Choice has developed under their label complements and naturally expands their business potential by keeping in touch with customers between service intervals, allowing them a residual revenue stream.

Peter Hellwig, Vice President of Mariner's Choice, stated, "We have created a line extension that reinforces their commitment to providing their customers 'green' products and services. They had been pre-selling the products, and have nearly depleted the initial inventory already. The second order is expected within a week."

In keeping with the Earth Day celebration that is growing each year throughout the world, Mariner's Choice is pleased to celebrate the gains we have made and the continuing efforts to accelerate the environmental progress.

About Mariner's Choice International Inc.

Mariner's Choice provides high-performance, eco-safe recreational and industrial products utilizing leading-edge biodegradable technologies. Each product is tested to exacting standards and performance levels, with the goal of providing the greatest benefit and satisfaction to our recreational and industrial customers. Our "green" products, some of which employ nanotechnology, are a timely solution for the environmental and health concerns that affect people globally.
