

## Cleans & Deodorizes Any Surface

Clean-N-Fresh is a formulation of highly concentrated bacteria and enzymes that actively digest odor-causing organic material. This eco-safe product has a pleasant fragrance that will neutralize odors instantly while the bacteria and enzymes will continue to work to digest odor-causing substances and stains.

The use of this product will facilitate the elimination of offensive marine odors and malodors resulting from fish, waste, vomit, garbage, moisture (especially in enclosed cubbies), mold, mildew, urine, spoiled food, among many other sources. Ideal for integration into current service and maintenance operations and preventive maintenance programs.

### Eliminates odors on contact & keeps working

#### Cleans, sanitizes & keeps working on marine surfaces such as:

- Head units
- Restrooms
- Porta-potties
