

Highly-Effective Eco-Safe Laundry Detergent

ENVIRO-OXI is an oxygen-activated powdered laundry detergent. Uses the natural cleaning power of oxygen for the highly effective and safe removal of stains and odors. ENVIRO-OXI is harmless to the environment since it contains no phosphates, dyes, chemicals, chlorine bleaches, solvents, abrasives or perfumes.

ENVIRO-OXI provides an ideal laundry detergent solution to suit the needs of yacht owners (with on-board laundry equipment), live-aboard occupants and marina operators alike, all having common requirements – eco-safety, small product packaging, low suds and high performance (for those difficult marine stains).

Great for yacht owners, live-aboards & marina operators

Features:

- Eco-safe
- Non-toxic
- Natural cleaning power of oxygen
- Free of phosphates, dyes, chemicals, perfumes, chlorine bleaches, abrasives and solvents

Benefits:

- Less wear on laundry equipment
- Supports 'clean marina' initiatives
- Small product packaging ideal for on-board stowage
- Harmless to the environment
