

ORGANIC CLEANER & DEGREASER

Highly Effective Cleaner and Degreaser for Everyday Use

The Organic Cleaner & Degreaser is a highly effective concentrated liquid that cleans all surfaces. It is an advanced technology cleaner and degreaser to remove embedded grease, oil and other stains. It lifts oil, grease, and virtually all other common stains found on marine assets. The Organic Cleaner & Degreaser is also entirely eco-safe so there are no harmful chemicals that can have negative impacts on the environment.

The eco-safe composition of this product allows marine facility owners and operators, and marine maintenance operations to benefit from a high performance cleaner and degreaser with the benefit of having no toxic chemicals leaching into infrastructures.

A highly effective cleaner & degreaser for all surfaces

Features:

- Eco-safe
- Non-toxic
- Bio-degradable
- Cleans, breaks down and dissolves grease, oil, sludge
