

***** **Presidential Detail** *****

Since the founding of our company in 1987 I think we have tried just about every product on the market, every mom and pop snake oil concoction and every major manufacturer's cleaner, wax and polish. I think I can finally stop searching. Your Mariner's Choice product line is truly the best we have ever seen, it is astounding. We find new uses everyday. Our company caters to a very select clientele. Million dollar yachts, aircraft and automobiles and they expect only the best and they are willing to pay for it. Your product line is priced competitively and did I mention "it's the best we have ever seen" The three must haves are the "HEAVY STAIN & DEPOSIT REMOVER" nothing removes stains and rust from a hull faster or safer, next "SUPER WAX & POLISH" goes on easy and wipes off with no effort at all, next "CLEAN-N-FRESH" odor eliminator is great in those musty boat holds as well as the air conditioning systems in our customers corporate aircraft where it's still ok to smoke, gets the cigar smoke out for good. Thanks for providing a superior product. You have a loyal customer for life.

Regards,

Capt. M.F. Brown
